Satco Solutions

SUCCESS IS A CHAIN REACTION.
Satco endeavors to provide our customers with the best possible lighting solutions in product and experience.

While we manufacture high quality lighting products that enhance our surroundings and improve quality of life, we also design products for ease of installation, alternative energy saving options and tomorrow’s view towards conservation.

Satco offers solutions that help our partners select and plan their lighting for the best overall outcome. These include: lighting layout services, ROI calculators, utility rebate solutions.

In addition, Satco provides partnership and business solutions that go beyond the transaction, solutions such as educational outreach, training, and customizable product solutions. Commitment... that is SATCO.
